EDUCATION

New Mexico State University (Las Cruces, NM) **Expected Graduation:** December 2026
Major: MS Computer Science **GPA:** 3.67

New Mexico State University (Las Cruces, NM) **Graduated:** May 2025
Major(s): BS Computer Science, BA Economics **GPA:** 3.72
Minor: Chemistry

TECHNICAL SKILLS

Programming	Java, C, Python, Javascript, HTML, CSS, SQL, React
Software Skills	QIIME2, NGINX, Apache, SLURM, Git, Kubernetes, MATLAB

WORK EXPERIENCE

Self-Employed (Freelance Web Development) **January 2026 - Present**

- Develop and maintain websites and email systems for organizations across multiple industries. Completed projects include a Level 1 PunchOut website for a vendor contracted with New Mexico State University, as well as a new website and email system for a mental health clinic. Currently developing a website for a staffing agency to streamline employment eligibility verification and modernizing the company's email infrastructure.

Covenant Clinics (IT Technician) **March 2026 - Present**

- Provide on-call technical support for clinic staff by troubleshooting computer, printer, phone, network, and software issues. Set up and configure new computers, workstations, and servers to support day-to-day operations.

Covenant Clinics (Medical Assistant) **March 2025 - Present**

- My job duties include taking patient histories and vital signs, preparing patients for exams, maintaining medical records, performing basic lab tests and administering certain medications and treatments under the supervision of a licensed provider in addition to assisting providers in certain procedures and other tasks as needed.

New Mexico State University (Soil Microbiology Lab Assistant) **July 2024 - May 2025**

- Tasked with creating protocols for accessing NMSU's High Performance Computing cluster for our lab and for utilizing QIIME2 to analyze microbial community structure. I took part in analyzing 16S rRNA to determine microbial taxonomic classification, diversity, and phylogenetic relationships, among other relevant findings. Assisted in greenhouse and field operations. I also created the laboratory website using Vite and React, combined with Sanity CMS integration.

Doña Ana Community College (Embedded Peer Mentor/Tutor) **Jan. 2024 - July 2024**

- Assisted students in an introductory chemistry course with coursework during class times, provided tutoring, tracked academic progress, and directed them to relevant campus resources.

NMSU Physical Science Laboratory (CREW Intern) **Sep. 2023 - Dec. 2024**

- As a CREW intern, I attended biweekly seminars on national security interests of the United States. Additionally, I worked with Sandia National Labs as part of a group working on implementing recurrent neural networks in analog computing chips.

The City of Las Cruces (Finance Intern) **Nov. 2022 – Mar. 2023**

- I created benchmarking reports comparing the City of Las Cruces' demographic, economic, and financial data with other similar municipalities. I also conducted fiscal and economic impact analyses of various city projects.

New Mexico State University (CS Undergraduate Research Assistant) **Aug. 2022 – Oct. 2023**

- Contributed to a Google Chrome extension to change the appearance and functionality of the Google Chrome browser for research applications. Created a program mimicking psychology

research software for a human-computer interaction study related to cybersecurity that allowed us to guide participants through a series of tasks and accurately collect web navigation, keylogging, and software usability data for further analysis.

New Mexico State University (CS Undergraduate Research Assistant) **Jan. 2022 – Dec. 2022**

- Helped create lesson plans and activities to teach high school students computer science concepts, in addition to analytical and computational thinking with the goal of evaluating the likelihood of those students to eventually study computer science or a STEM degree in college.

EXTRACURRICULAR ACTIVITIES

MountainView Regional Medical Center Volunteer **Sept. 2026 – Present**

- Assist staff with retrieving supplies, guide families around the facility, and bring items to patients when appropriate such as water and blankets.

Mesilla Valley Hospice/La Posada Assisted Living Facility Volunteer **June 2024 – Present**

- Assist with any tasks needed and offer companionship to patients/residents and family.

Lambda Chi Alpha Fraternity **Feb. 2022 – May 2025**

- *Interim President (Sep. 2024 - Nov. 2024):* Acted as interim president, coordinating all chapter operations and served as the liaison between the school, the community, and my fraternity.
- *Finance Chair (Nov. 2023 - Nov. 2024):* Managed an $80,000 annual, adjusted dues, communicated with national headquarters, and successfully eliminated $10,000 of chapter debt. Served on a 5-member executive board for chapter decision-making.
- *Community Outreach/Philanthropy Chair (Nov. 2022 - Nov. 2023):* Led multiple philanthropy events, raising nearly $7,000 and collecting over 1,500 pounds of canned goods. Organized community volunteer efforts and school, and participation in Greek Life charity events.
